

Compare WIZwireless month plans with two local satellite providers (costs over two years)

(All prices are **include GST** unless stated) NB None of these plans include UPS which is recommended by all providers

1. WIZwireless

<http://www.wizbiz.co.nz/broadband-plans.htm>

Our current network covers areas in the **Wairarapa and Tararua Districts only**. If you live on one of the many rural properties in our Region and don't have internet or a phone landline or need faster broadband than you currently have, we may be able to deliver broadband internet to you using our wireless technology.

WIZwireless delivers broadband through the air, rather than through your phone line so you do need to "see" one of our many radio masts along the Eastern Hills or click **here** to get a guide of our coverage area.

| Plan | Design Speed | Monthly Data Cap | Monthly Plan Charge |
|---------------|--------------|------------------|---------------------|
| Entry Plan | 1Meg/1Meg | 3 Gig | \$51.06 |
| Standard Plan | 4Meg/4Meg | 5 Gigs | \$86.89 |

- Installation contribution **\$373.75** - Plus travel contribution
- 12 months subscription contract on all rural broadband plans
- Disconnection fees apply within 12 months

Entry Plan finance option including labour contribution \$1,599.19 including GST for first 24 months for direct comparison with satellite plans which are for 24 months.

2. Farmside – valid from April 2011

Costs for Farmside satellite service
<http://www.farmside.co.nz/>

- Contract for 24 months, termination fee apply.
- Standard regular plan which is 1GB data and 1meg download/256kbps upload
- Monthly plan normally \$102.35 including GST for Farmside's Partners otherwise \$113.85
- Installation \$343.85
- Disconnection fees apply within 24 months
- Extra data bundles for night use – refer to website for details

Special deal for Farmside Partners over two years \$2,800.25 including GST (non Farmside Partners \$3,076.25)

Estimate \$1,200.00 more than WIZwireless Entry Plan
(and less data and overall speed less than WIZwireless Entry Plan)

3. Orcon Rural Broadband

Costs for Orcon wireless service
<http://www.orcon.net.nz/home/rural/>

| Plan | Design Speed | Monthly Data Cap | Monthly Plan Charge |
|--------|-----------------|------------------|---------------------|
| Purple | 256kbps/128kbps | 1 Gig | \$62.00 |

- Installation **\$499.00** plus travel contribution beyond 50km.
- The equipment and installation for Rural Broadband is subsidised to reduce your set up costs and because of that a \$499 disconnection fee applies if you cancel your Orcon Rural Broadband connection within 24 months

Extra Data

- Additional 2GB for \$9/month
- Additional 5GB for \$20/month
- Additional 10GB for \$35/month
- Design Speed is best endeavours, Internet performance may vary.

Value \$1987.00 over 24 months contract period

Estimate Purple Purchase Plan is \$387.00 more than WIZwireless Entry Plan

(and less data and speed than WIZwireless Entry Plan)
